PROFESSIONAL SUMMARY

Dedicated Software Engineer with over 6 years of experience in mobile and web development. I have more than 5 years of experience building cross-platform mobile apps using React Native and Expo, and around 3 years developing web applications with ReactJS and VueJS. Over the past year, I have actively adopted AI-assisted tools to speed up and optimize projects built with Flutter, NextJS, and NuxtJS. I can handle the full lifecycle of mobile applications, including setting up CI/CD pipelines, managing App Store and Google Play deployments, optimizing load times, and writing unit tests.

TECHNICAL SKILLS

- **Tech Stack:** React Native, ReactJS, Flutter, Ionic, NextJS, VueJS, NestJS, TypeScript
- **IDE:** Xcode, Android Studio, VSCode, Antigravity
- **Source Code Management:** Git, GitHub, CodeCommit, GitLab, Bitbucket
- **Task Management:** Jira, Trello, Azure DevOps, GitLab

EXPERIENCE

- **NAL Vietnam** 2 years 8 months · Oct 2023 – Present
Mobile Developer, Front-end Developer
 - Developed cross-platform mobile applications utilizing **React Native, Expo, and Flutter**, and modern web applications using **ReactJS, Remix, NextJS, and NuxtJS**.
 - Established automated **CI/CD pipelines** for mobile application projects, achieving a **50% reduction** in build and deployment times compared to manual methods, and successfully releasing applications to the **App Store**.
 - Mentored and guided **3 intern-level developers**, with **1 successfully transitioning** into a full-time contracted employee.
 - Optimized **mobile performance** for faster loading times and a smoother user experience.
 - Wrote unit tests and followed **clean code principles**, emphasizing testing to ensure features function correctly.
 - Worked efficiently using **Agile/Scrum** methodologies to deliver high-quality software iterations.
- **NCCPLUS** 4 years · Dec 2019 – Oct 2023
Mobile Developer, Front-end Developer
 - Developed cross-platform mobile applications utilizing **React Native** and dynamic web applications using **ReactJS**.
 - Successfully launched and maintained **4 mobile applications** on the **Google Play** and **App Store**, handling store compliance and release management.
 - Collaborated with designers, product managers, and business analysts, communicating directly with **Australian stakeholders** to translate business requirements into technical solutions.
 - Mentored and trained **10+ intern-level developers** in **React Native**, leading to their successful transition into official full-time contracted employees.
